

7th GRADE FOREIGN LANGUAGE PREFERENCE FORM

At Seven Hills, sixth grade students had the opportunity to try two different foreign languages during the year. Students took one language during the first semester and a second language during the second semester. Now is the time to choose a single language of focus for the seventh and eighth grade year. Seven Hills offers three language options: Chinese, Latin, and Spanish.

Please select your 1st and 2nd (alternate) choice of language for 7th and 8th grades. We will work to allow students to have their top choice, while also giving consideration to balance in class sizes for these courses. Additionally, please note that we have to make decisions about which classes end up being offered based on the number of students that select each language offering.

You may submit this information by emailing this completed form, or by replying with your student's ordered choices along with the name of your student, to tfranzak@7hillsschool.org no later than Wednesday, June 26, 2019.

Student Name _____

_____ Chinese

_____ Latin

_____ Spanish
